

U.S. PROVEN PARTNERSHIPS™

We've grown a lot in 30+ years. Beginning with the introduction of five exclusive annuals in 1992, we've since blossomed into the only brand that offers an all-encompassing gardening experience for consumers. From incomparable outdoor and indoor plants to the soils, plant foods, containers and tools needed to ensure success, we're keeping Proven Winners front and center year-round on retail benches. These Proven Partnerships make it happen.
