COLOR CHOICE
FLOWERING SHRUBS

40 - 40°
FOR

SHRUBS HARDY TO -40°F (USDA ZONE 3)

NORTH POLE® *Thuja occidentalis*

Many plants don't just tolerate cold temperatures – they thrive in them! Here are forty outstanding choices for cold climates. For more information about any of the plants listed here, please visit www.provenwinnerscolorchoice.com/cold-tolerant-shrubs

TALLER PLANTS FOR SCREENING

Plants are a great way to add privacy to a property. Not only do they block unwanted views, but they will help to reduce road noise and dust.
